
COST ACTION MEMBERS BIO

National Representative for Macedonia

TITLE:

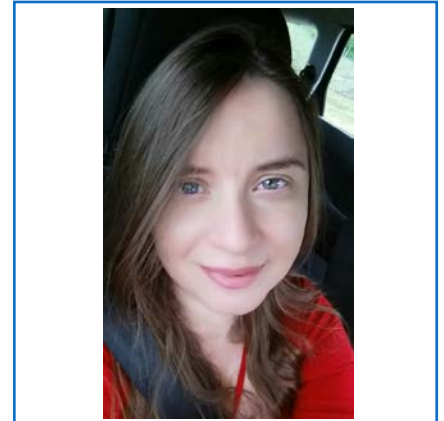

RESEARCH ASSOCIATE, MD, PhD

NAME:

DR. BILJANA GJONESKA

INSTITUTION:

**MACEDONIAN ACADEMY
OF SCIENCES AND ARTS**

BIO:

Biljana Gjoneska, has completed her education with a medical degree (MD) from the University of Skopje and a doctoral degree (PhD) in psychology and social neuroscience from the Sapienza University of Rome. Her professional affiliation is that of a medical doctor and a research neuroscientist at the Macedonian Academy of Sciences and Arts (MASA), while her area of occupation binds the explorative and applicative research in two areas of neuroscience.

Specifically, her research at Sapienza involved the area Social Neuroscience (with special emphasis on Neuropolitics), while the research conducted at MASA revolves around the area of Cognitive Neuroscience (with emphasis on Neuroinformatics and Neuroethics). Of special interest to the COST PUI Action are her investigations in the Neuroinformatics domain which are related to the early explorations of the link between the brain electric oscillations and cognition, and Q-EEG applications in healthy adults as well as various patients (with cystic fibrosis, epilepsy, ADHD and autism spectrum disorders).

Dr. Gjoneska's work is featured in dozen publications as a first author and registered through her participation as national representative in several international projects (funded by EU FP6/FP7/ESF/COST programmes). In addition to her excellent fluency in English and the South Slavic group of languages, she is also fluent in Italian, and has basic understanding of French.
