The public meeting will begin at 17:00 Central European Time (CET), and we will open the ZOOM webinar room at 16:30 just in case you wish to test your audio and connection.

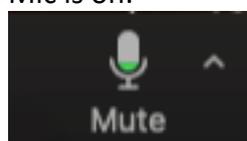

You can show or hide the chat area by clicking the "Chat" button, feel free to type your question or comment by using the chat area.

Click the "Raise Hand" button located under the participants list if you wish to talk, please remember to lower your hand by clicking the button again.

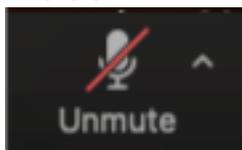

Click "Unmute" to activate your microphone, and you are ready to talk.

You can check your microphone status by checking the "Mic" icon.

Mic is on:

Mic is off:

It's essential to mute your microphone when you finish talking as you might broadcast your background noise to the webinar.

Like many other webinar platforms, ZOOM will compress the video and audio quality for you if you have slower internet speed, so the quality of your viewing/listening experience depends on your internet speed. You can check your internet speed via: www.speedtest.net

You can e-mail info@internetandme.eu should you have any technical question. However, our supporting capacity might be limited during the events.

Hope to see you at the event!
Regards!
